SPINAL & PERIPHERAL MANUAL
THERAPY TREATMENT TECHNIQUES
FOR LOWER QUARTER

May 18 & 19, 2019
Iowa City, IA

COURSE DESCRIPTION

This two-day manual therapy course on Mobilization with Movement for the Lumbar Spine and SIJ, and the Lower Extremities. It will include lecture, patient demonstrations and lab time to give participants a thorough and in depth coverage of Mobilization With Movement for the Lower quarter. This unique approach to manual therapy was discovered and developed by Brian Mulligan, F.N.Z.S.P. (Hon), Dip. M.T. from Wellington, New Zealand. This simple yet effective manual therapy approach addresses musculoskeletal disorders with pain free manual joint “repositioning” techniques for restoration of function and abolition of pain.

COURSE REQUIREMENTS

1. Wear loose, comfortable lab clothes.
2. Bring mobilization belts, mobilization pads and exercise mat if you have one.

COURSE SCHEDULE / LOCATION

Saturday, May 18, 2019
8:00 am - 4:30 pm (registration 7:30 am)

Sunday, May 19, 2019
7:30 am - 3:30 pm

Mercy Medical Plaza
540 E. Jefferson Street, McAuley 1 Room
Iowa City, IA 52245

LEARNING OUTCOMES

With full day attendance, participants will:

1. Have an appreciation of the concept of the Mobilization With Movement approach.
2. Provide a thorough and in depth instruction and practice of the MWM techniques for the upper quarter.
3. Develop the knowledge and manual skills to successfully apply and integrate the MWM techniques.
4. Integrate taping techniques with Mobilization with Movement.
5. Understand the guidelines for safe and effective technique selection.
6. Improve clinical outcomes.

REQUIRED READING

Manual Therapy, “NAGS”, SNAGS”, “MWMS”, etc., 6th ed. Brian Mulligan
